

**A REPORT FROM THE  
COMMITTEE ON ACADEMIC ACHIEVEMENT**

**The Committee on Academic Achievement is committed to educational excellence for the Manhasset School District. MSPA believes academic performance should be measured on a relative basis, by comparing Manhasset test scores and related school costs to comparable school districts.**

**After an analysis of the most recent test scores filed with the New York State Department of Education, we have found that Manhasset has under performed academically and overspent on the following sample school districts.**
